Subject: Support Uber

I strongly disagree with this committee's choice to want to discontinue Uber rides. In my opinion, and I am sure that the thousands of other girls that go to USC and use Uber will agree with me: taxis are sketchy, dirty, overpriced, operated by intimidating men, completely inconvenient, and sometimes come at a scarcity when needed most. Please reconsider your decision to want to discontinue this program, as you will be inconveniencing and putting up many college students against ridiculous prices while practicing safe transportation.

Best,
Rachel Barnett

Subject: I stand in support of Uber

As a resident of Charleston I stand in support of Uber in the state of SC. I have performed a high level review of the local industry and have gotten underneath the subject to know I give Uber my full support.

If there are any WebEx's to discuss the matter please circle back with me.

Maybe it's time to lean out the other cab companies that fail to deliver solid metrics and a poor customer experience.

Subject: UBER Adds Safe Rides and Improves Economy

As a long-time Charleston resident who has recently moved over to Mount Pleasant, I feel UBER is a breath of fresh air to combat the atrocious taxi system in our area. Taxi availability is few and far between often forcing residents to wait 45-2 hours for a cab once you call the company, if they even answer. This opens the door for people to say "forget it" and drive after a night out drinking downtown.

Since UBER has arrived, I have chosen to drive less and have spent more weekend nights at the restaurants and bars in downtown Charleston. My experience with UBER has been incredible and every driver I have encountered has treated me with respect and offered a safe ride to and from my destinations.

By offering a cease and desist to UBER to have effectively taken a step back in the process of improving safe rides in the Charleston area. Please consider your actions and make a smart informed decision to help a long-time problem.

Please reconsider this cease and desist and allow UBER to continue to provide Charlestonians with safe and affordable transportation.

Sincerely,
Doug Torchio, CPA

Subject: Uber fan

I am interested in Uber being reinstated in South Carolina by the PSC, given it complies with all of the same laws that other ride service systems abide by. I welcome healthy competition in the world of taxis and taxi unions and enjoy the professionalism and tech-friendly service I have received thus far in all states I've traveled in.
